- i This is "**allocation amount**" in 2009-10 - the amount allocated from a non-SSI spouse to a non-SSI child. Figure changes each year. GIS 08 MA/035, GIS-09-MA-026. It is the difference between the income level for 1 and 2. http://www.health.state.ny.us/health_care/medicaid/publications/docs/gis/09ma026.pdf. Each year in December or January DOH announces the new figures in a GIS. Check back at http://www.health.state.ny.us/health_care/medicaid/publications/index.htm for later years.
